

METALU B-2

FIXED-REMOVABLE HYDRAULIC POOL LIFT

METALUGUARANTEE

3 YEARS The lift

5 YEARS Spare

THE MOST STABLE HYDRAULIC LIFT IN THE MARKET.

The hand rail and five anchor points provide a feeling of maximum safety to the user.

It is temporarily installed for bathing season and can be removed for storage during the winter.

FEATURES

User autonomous. It can be operated from both in and out of the pool thanks to a dual control system.

Temporary fixed installation. It is designed to be installed for bathing season and can be removed for storage during the winter.

Officially approved for lifting up to 150 kg. A water supply with a pressure of between 3.5 and 5.5 bar is necessary.

Left rotation option. Upon request.

Valid for any pool. It can be adjusted to various positions, and both the lift and the seat height can be set to numerous positions.

STAINLESS
